The Graduate Student Handbook includes university information, policies, requirements and guidance for all graduate students. Your program handbook describes the details about graduate study and requirements in your specific program. While both of these handbooks are wonderful resources, know that you are always welcome to talk with faculty and staff in your program and in the Graduate College.

The central activities and missions of a university rest upon the fundamental assumption that all members of the university community conduct themselves in accordance with a strict adherence to academic and scholarly integrity. As a graduate student and member of the university community, you are expected to display the highest standards of academic and personal integrity.

Here are some resources to help you better understand your responsibilities:

UCF NID & UCF ID

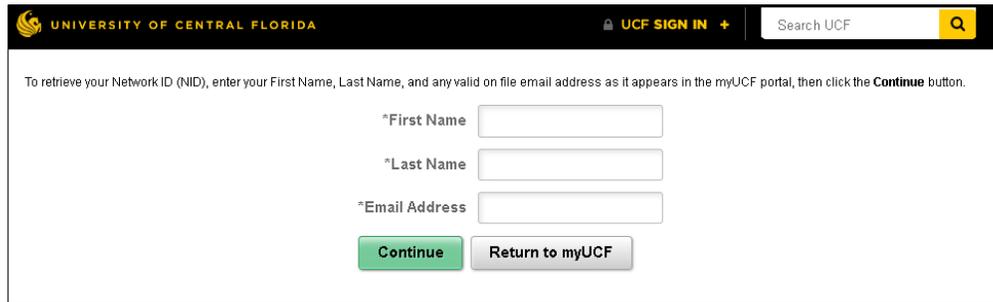

As a UCF student you are assigned two unique identifiers, your NID and your UCF ID. It is important to understand the difference between these two identities and when each is to be used.

NID (Network ID): Your NID is formed from combining the first two letters of your first name with unique random numbers and is assigned when you are first entered into the UCF system. Your NID is yours for life and will never be assigned to another individual. Your NID is used for logging on and gaining access to many UCF systems such as:

- The my.ucf.edu portal
- The UCF_WPA2 wireless network

Your NID serves no other purpose than to authenticate you into UCF systems. However, it is very important that your NID not be shared, and that the password be kept secure as anyone that gains access using your NID will have access to your data within the UCF system.

To lookup your NID go to <https://my.ucf.edu/nid.html>. The box below will appear. Follow the instructions.

The screenshot shows the top navigation bar of the University of Central Florida website, including the logo, "UNIVERSITY OF CENTRAL FLORIDA", "UCF SIGN IN +", and a search bar. Below the navigation bar is a form titled "To retrieve your Network ID (NID), enter your First Name, Last Name, and any valid on file email address as it appears in the myUCF portal, then click the Continue button." The form contains three input fields: "*First Name", "*Last Name", and "*Email Address". Below the input fields are two buttons: a green "Continue" button and a grey "Return to myUCF" button.

NID PASSWORD: Once you have your NID, go to my.ucf.edu and click on "NID PASSWORD RESET." The box below will appear. Follow the instructions. This is also where you go to reset your NID password.

- There is no default NID password. You set it for the first time with a password reset.
- Always use a strong password (8 or more characters, mix of letters, numbers, special characters).
- Your NID password expires 60 days after the last reset and can't be used to access UCF services until it is reset.

If you have difficulty using the self-service tools or have additional questions, you can contact the UCF Service Desk at 407-823-5117 or email at servicedesk@ucf.edu.

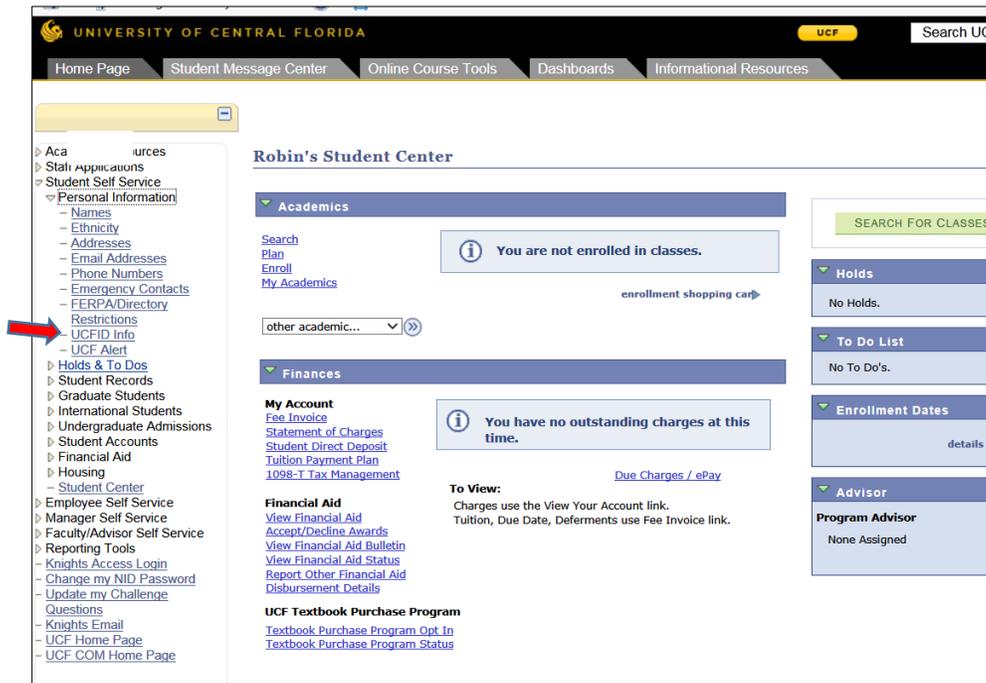

GETTING LOCKED OUT: Be sure to log off all secondary devices (smartphones, iPads, laptops, etc.) and sign out of all services (e-mail, wireless, etc.) that are using your NID and NID password before you change it. If those devices or services keep trying the old password, your NID account will become locked. If your NID is locked, change the password on devices that store it and then sign out of all devices and services. Wait 20 minutes and then attempt to sign back in. If you find the account is still locking up, contact the UCF Service Desk at 407-823-5117 for further assistance.

UCF ID: Your UCF ID is a unique random number that is assigned when you first enter the UCF system. Like your NID, your UCF ID is yours for life and will never be assigned to another individual.

Your UCF ID is your primary identification number within the UCF system. This number is associated with your student record that contains your personal information as well as things like grades and class schedule. Your UCF ID is not used to log on to the portal or any other system at UCF. It is used only to identify you within the system.

Your UCF ID number is printed on the front of your newly assigned UCF student ID card. If you do not know your UCF ID, please follow these steps:

1. Go to my.ucf.edu.
2. Sign on using your NID and NID password.
3. Go to Student Self Service > Personal Information > UCF ID Info.
4. Your UCF ID, NID and UCF ID Card # information will be displayed.

KNIGHTS EMAIL & CONTACT INFORMATION

Every student must register for, and maintain, a Knights Email account at knightsemail.ucf.edu.

Knights Email is the primary email system for all UCF students and the predominant means of communication between UCF, professors, staff and students for official university business. The email system is hosted by Microsoft and powered by Office 365, but UCF maintains control of the accounts. All official university communications will be sent through Knights Email including information on registration, deadlines, financial assistance, scholarships, tuition and fees, and any other official university correspondence.

Knights Email may not be forwarded to any outside system. Communications sent to the Knights Email address on record will be deemed adequate notice for all university communications. The university does not accept responsibility if official communication is rejected or fails to reach a student who has not registered for, or maintained and checked on a regular basis, their Knights e-mail account.

Each student must have an up-to-date emergency email address and cell phone number on record, which will be used for emergency purposes only. Students must also ensure that permanent and mailing (local) addresses and telephone numbers are always current with the university. Students can update their contact information online at my.ucf.edu.

REQUIRED MODULES

HONOR YOUR KNIGHTHOOD

As a new UCF student, you are required to complete “Honor Your Knighthood.” Honor Your Knighthood is a concept regarding new UCF students developing an understanding of the importance UCF places on subject matters related to **Academic Integrity, Alcohol Awareness, Sexual Assault, and Hazing Prevention**. Through the completion of four individual on-line modules, UCF students will begin to demonstrate tenets associated with the UCF Creed of Integrity, Scholarship, Community, Creativity, and Excellence. UCF is committed to student safety and success both inside and outside the classroom.

Each module has a unique access date (when the module is available to take) and a unique deadline date for completion. We encourage the completion of these four individual modules prior to the designated deadlines for each module. Failure to complete each of these modules by the deadlines will result in a HOLD on the student’s account mid-semester, which will prevent registration for future semesters. Access and deadlines dates for the current term are located at honor.sdes.ucf.edu/integrity.

Questions? Please visit the Honor Your Knighthood website at honor.sdes.ucf.edu for more information.

PRESSURES TO PLAGIARIZE

The College of Graduate Studies requires all graduate students to complete the Pressures to Plagiarize Module. Please expect the module to appear in your Webcourses account toward the end of week two or beginning of week three in your first semester of your graduate program. This module takes approximately 45 minutes to complete.

If you were previously enrolled in another graduate program at UCF, and completed the Plagiarism module at that time, you will not be required to complete it a second time; however, you will need to send an email with a screenshot of your final quiz grade, your name and UCF ID to graddegr@ucf.edu to be removed from the course. If you do not send this email, a hold will be placed on your student account.

Students who fail the Pressures to Plagiarize Module quiz three times will be required to write an essay about plagiarism. This information is included in the FAQ and weekly course reminders sent to your Knights Email. Failure to complete this module will result in a HOLD being placed on your student account, which will block future course registration.

WELLNESS COURSE MODULE

Currently, the College of Graduate Studies is developing this module. It will go into effect Fall 2021 and will be a requirement for you to complete at that time. Failure to complete it will block future course registration. Please check your Knights Email for updates.

STUDENT ACCESIBILITY SERVICES

GRADUATE PLAN OF STUDY (GPS)

GPS OVERVIEW

GPS, the Graduate Plan of Study tool, is an automated degree audit system that serves to empower students and enable college administrators to plan for and track a student's academic progress. Certain features allow a student to test "What If" scenarios by accessing the academic impact of certain course choices or future track changes.

Please be advised that the GPS is your degree audit, so please make sure to NOT use the My Knight Audit feature when looking for this document. Click on Graduate Plan of Study to review your records.

WHAT DOES GPS FEATURE?

- Real-Time updates and 24-hour access to a student's Plan of Study
- The ability to view transfer credit, review completed courses and monitor in-progress coursework
- The ability to access the number of courses or other program requirements needed to complete your degree

- The ability to simulate “WHAT IF” scenarios and determine the impact of course changes, should you decide to make changes to your program.
- The ability to display progress in non-course requirements.
- Allows for class enrollment directly from the Interactive Report.
- Easy to identify outstanding courses needed to graduate.

Below are training resources to assist in using your GPS.

TRAINING GUIDES

[How To Process Your Interactive GPS Report](#)

[How To Process Your WHIF \(What If\) Report](#)

REGISTRATION

Registration for Fall '21 and Spring '22 is in progress.

Make sure to check the [Academic Calendar](#) at the beginning of the Spring 2022 semester to determine the date that your enrollment appointment day/time and the schedule for Summer 2022, Fall 2022 and Spring 2023 will be posted for viewing only.

- For appointment times, check the term and year as the system defaults to the current term and year.
- Students need to wait for the enrollment appointment time listing in MyUCF. Students cannot enroll on the day the scheduled is posted.

Please note: You will NOT be able to register for classes until the day/time of your enrollment appointment.

New Student registration:

- Allow one business week from the time you accept your admission to the time you can register.

UCF/State Employee registration

- Students using the UCF/State employee tuition waiver program must wait until the Friday before classes begin for each term to register for that term. Registration attempts (including placing items in your shopping cart) will result in the nullification of your tuition waiver.

For those not using a tuition waiver program, you should register for summer, fall and spring on the date of your appointment time. Waiting too late to register will result in classes filling to capacity before you are able to secure a seat in your preferred section. Exceptions to swap to full sections are not made due to lateness in registration.

Please pay attention to Add, Drop and Withdraw deadlines for each semester available on the UCF [Academic Calendar](#).

Holds:

If you have a hold on your account preventing you from registering, then you must click on the link for more information about the hold and the contact information for the department that placed the hold. Our office does not place holds, nor can we remove them.

REGISTRATION WAITLIST & SWAP FUNCTION

REGISTRATION WAITLIST

A registration waitlist is the electronic process that auto-enrolls students in closes classes as seats become available. Waitlists operate on a first-come, first-served basis, so students who enroll sooner have a better chance to get a seat in a closed course. This will enable you to get into a class you want without having to continuously check for possible openings.

The requirements to be moved from waitlisted to enrolled are the same as registration. You will not be enrolled from the waitlist if the credit hours of the course exceed those permitted in that term. The maximum credit hours allowed per semester is 6 credit hours.

SWAP FUNCTION

The Swap Function allows you to swap a class you are currently enrolled in for a different course. If you are currently enrolled in a different section of the same courses or in a class that has a time conflict with a waitlisted course, using the Swap Function will automatically replace the enrolled course with the desired waitlisted course when a seat becomes available.

If you are enrolled in the maximum six credit hours and waitlist for a third class or different section of a course, the system will only register you for the waitlisted course if set up as a Swap.

REMOVAL FROM WAITLIST

If you decide that you no longer want to take a class that you waitlisted, it is your responsibility to remove yourself from the waitlist. If you have been enrolled from the waitlist and do not wish to take the class, it is your responsibility to drop the class before the last day to drop. If you fail to do this, you will be fee liable for the class and you will be graded.

For more details and instructions for waitlist and swap, visit registrar.ucf.edu/waitlist.

ACADEMIC & CONDUCT POLICIES

GPA=Grade Point Average. A graduate status GPA will be calculated based on the graduate courses taken at UCF since admission into each degree or certificate program. See UCF Graduate Catalog for more information at <http://catalog.ucf.edu/content.php?catoid=4&navoid=201#grade-system>.

GRADING POLICIES AND EXPECTATIONS

| Grades | Grade Points Per Semester Hour of Credit | Grades | Grade Points Per Semester Hour of Credit |

Grades will be available on myUCF after each term ends. To view dates, go to the UCF Academic Calendar at calendar.ucf.edu. Our office will not have access to grades before they are officially posted at myUCF.

UCF does not award GPA honors such as Magna Cum Laude and Summa Cum Laude at the graduate level.

Each student's academic progress is reviewed by both the College of Business and the College of Graduate Studies each semester. Students who have not met conditions or restrictions of their admission may be prohibited from further study in the program. Additionally, students who have not performed to academic standards of the program or university will be placed on Probationary Status or Dismissed from the program.

In accordance with the College of Graduate Studies' Policies and with the minimum university standards for satisfactory performance to continue graduate study, the College of Business graduate programs maintain the following requirements for all business graduate students:

- Students must maintain a GPA* of at least 3.0 or higher in order to maintain regular graduate student status, receive financial assistance, and qualify for graduation.
- Students are not permitted to get more than two "C" grades (C, C+, C-).
- A course in which a student has received an unsatisfactory grade may be repeated; however both grades will be used in computing the GPA. The opportunity to re-take courses is at the discretion of the College of Business.

GRADE POLICY COMPARISON CHART

| GPA | 3.0 minimum GPA ; <3.0 will be put on Academic Probation | 3.0 minimum GPA; <3.0 will be put on Academic Probation |

ACADEMIC PERFORMANCE CONCERNS

For any academic performance concerns speak with your professor. It is best to bring your concerns to your professor's attention as soon as possible.

For grade disputes, students must follow the UCF Golden Rule. Grounds for a grade appeal and timeline requirements are outlined in the UCF Golden Rule <https://goldenrule.sdes.ucf.edu/>, section UCF-5.016 Student Academic Appeals.

PROFESSIONAL CONDUCT

Students are expected to adhere to the rules and regulations as stipulated by the University of Central Florida and the program handbook. Professionalism encompasses behaviors and qualities that are expected of graduate business students in both the academic setting and in the business world. University of Central Florida College of Business degrees begin at the time of program application; therefore, professional conduct is assessed from that point forward.

Attendance, timeliness, and attire are all reflections of professionalism. In the assessment of professionalism, instructors and program administrators will consider each student's conduct; the quality of interactions; tone of oral and written communication; language; meaningful engagement in all aspects of the program; and substantive contribution to class discussions. Students who are in violation of these behaviors will be counseled and reminded of UCF expectations. In such events, the faculty or program administrators may conclude that the student is not able or willing to demonstrate an acceptable standard of professionalism. Repeated disregard or violation of these behaviors will lead to dismissal from the program. Some of the criteria by which a student's professional demeanor is measured are below.

- **Civility:** Students are expected to behave in a respectful and courteous manner to instructors, fellow students, guest speakers, college and university administrators, and UCF Staff. Examples of respectful behavior include but are not limited to modulated tone of voice; professional language that avoids inappropriate, vulgar, or foul expressions; maintaining control of emotions and avoiding threatening or bullying behaviors; respect for others' personal space; respect for UCF property; refraining from distracting and disruptive behaviors while on campus, in hallways and in classrooms; and a generally civil demeanor.
- **Attendance:** It is required for students to attend each lecture and comply with the instructor's attendance policy as stated in the course syllabus.
- **Timeliness:** Students are expected to regularly arrive in class on time and to comply with each instructor's tardiness policy as stated in the course syllabus.
- **Use of Technology:** The use of computers, cell phones, or electronic devices during class that are unrelated to course activities or not permitted by instructors (i.e., web searches, IMs, etc.) is considered unprofessional.
- **Use of Electronic Media:** As per Florida Law (§ 934.03) it is illegal to audio or video record any interaction with another individual without their explicit consent. This includes lectures, meetings with instructors, meetings with fellow students, or any situation involving UCF personnel.
- **Professional Attire:** Refers to a minimum of business casual that may include pants, khakis, dress shirts, skirts, dresses, and jeans free of rips/tears/fraying that are neat and clean. Note that clothes that are revealing (plunging necklines, tank tops, open midriffs, short skirts/shorts, sheer fabrics); offensive T-shirts; sweatpants, leggings, workout clothes; thongs/flip-flops/Croc-like sandals; and overpowering perfumes/colognes can be distracting or annoying to others.
- **Guest Speakers / Presentations:** The program often invites guest speakers from the local business community. Students in the program must demonstrate professional conduct, respect, and appreciation for these professionals' donation of their time to enrich students' educational experiences. Students are expected to arrive to class on time and be attentive as a sign of appreciation for their time. Professional business attire is required when guest speakers are present.

Probation & Dismissal Policy & Process

Probationary Status in the programs means that the student is at risk (academic, professional, or ethical) within the program. A student cannot graduate from the program while on probationary status.

A student may be placed on Probation if any of the following occur:

- Academic Probation: Per College of Graduate Studies' policy, if the graduate status GPA falls below the required 3.00, the student will have to bring the GPA above a 3.00 by the end of the probationary period in order to have the Academic Probation removed. Students will receive notice in writing from the College of Graduate Studies.
- Conduct Probation: Any minor violation of the aforementioned professional conduct expectations. The severity of violation will be determined by the procedures outlined in the following section.

Conduct Violation Process:

1. If a violation of a conduct policy occurs, it will be reported in writing to the Graduate Associate Dean/MBA Program Director.
2. Graduate Associate Dean/Program Director will evaluate the matter and determine an appropriate course of action ranging from written warning to convening the Master's Program Review Committee (MPRC) for evaluation to immediate dismissal based on the egregiousness of the violation.
3. If the MPRC is convened, member will discuss the student's academic progress and/or professional conduct when concerns arise and recommend appropriate action based on the severity of violation up to and including program dismissal.

The following may be grounds for dismissal from the program.

- Receiving a "D" or "F" grade in a course listed as a part of the program's curriculum. The student will be summarily dismissed from the program at that time.
- Failure to achieve ≥ 3.0 GPA by the end of the Academic Probation period.
- Receiving more than 6 credit hours of "C" grades. Exceeding this limit is reason for dismissal from the program.
- Students on restricted admission due to earning $< 70\%$ on admission modules that do not achieve a grade of B or higher in all courses in the initial semester.
- Cheating: Which includes plagiarizing of materials from previously published sources or previously submitted course assignments. Students will not discuss the content of written or oral examinations until cleared to do so by the course instructor. See Golden Rule, UCF's Student Handbook- Rules of Conduct.
- Unprofessional behavior: Behavior that is inconsistent with the aforementioned expected professionalism or failure to correct unprofessional behavior as defined by the program handbook is grounds for dismissal from the program. This includes failure to attend classes or excessive unexcused absences, or repeated lateness.

*all references to GPA refer to Graduate Status Grade Point Average. A graduate status GPA will be calculated based on the graduate courses taken at UCF since admission into each degree or certificate program. See UCF Graduate Catalog for more information: <http://catalog.ucf.edu/content.php?catoid=4&navoid=201#grade-system>

GENERAL POLICIES

USE OF PORTABLE DEVICES

The use of portable devices during class is ultimately at the discretion of the faculty. Below are a few reminders for professional use of portable devices in the classroom.

- Laptops are acceptable for taking notes and participating in course simulations or research. The faculty retains the right to request, at any time, that a student close their laptop and refrain from use.
- Cellphones should be turned off or set on silent during class time. Students expecting an urgent phone call during class, should alert the faculty in advance and step outside the classroom to accept the call.
- Voice recording devices should not be used unless permission is obtained in advance from the faculty or instructor. All lectures and course information are considered the intellectual property of the presenting faculty.
- Cellphone, earbuds, or headphones are not allowed during exams.
- Video recording is not allowed unless permission is obtained in advance from the faculty.

RELIGIOUS OBSERVANCES

It is UCF policy to reasonably accommodate the religious observances, practices, and beliefs of individuals regarding admissions, class attendance and the scheduling of examinations and work assignments. A student who desires to observe a religious holy day of his or her religious faith must notify all his or her faculty and will be excused from classes to observe the religious holy day.

The student will be held responsible for any material covered during the excused absence but will be permitted a reasonable amount of time to complete any missed work. Where practicable, major examinations, major assignments and university ceremonies will not be scheduled on a major religious holy day.

Students who are absent from academic activities because of religious observances will not be penalized. A student who believes that he or she has been unreasonably denied an educational benefit due to his or her religious belief or practices may seek redress under the Student Grievance Procedure, located in [The Golden Rule](#).

COMMENCEMENT

Commencement is held on the UCF main campus at the end of each term. Commencement is considered an optional event and the exact date of Commencement is determined by the University Registrar. Students graduating from this program graduate from the College of Business (*NOT the College of Graduate Studies*).

INTENT TO GRADUATE FORM: The Intent to Graduate Form serves as your confirmation of commencement attendance and as a request to issue your diploma at the completion of your program. For information on filing your intent to graduate: <https://graduate.ucf.edu/commencement/>.

The ability to file online opens at mid-term of the semester **prior** to the semester of graduation. Intents to graduate should be filed online no later than the last day of registration for the semester of graduation.

Below are the steps for indicating your intent to graduate.

- Students who intend to graduate must complete the online Intent to Graduate Form by logging into myUCF and navigating to the Student Self Service– Other Academics > Intent to Graduate: Apply.
 - Once the online form is completed, students will receive e-mail communications from the College of Graduate Studies at various stages of the review process. Students can also log in to myUCF and check the status of their Intent to Graduate at any time by navigating to the Student Self Service– Other Academics > Intent to Graduate: Status
 - Intent status will be moved to pending status once it is reviewed in a precertification process by the academic college and the College of Graduate Studies. It will stay in pending status until after grades officially post, and all requirements have been satisfied and final degree certification has been completed.
 - An *approved* status indicates the degree has been awarded. Degrees are typically awarded within 45 days of Commencement Ceremonies, while **diplomas can take approximately 6-10 weeks to be mailed**.
 - Official transcripts will reflect the conferred degree in approximately 24 hrs after being awarded. Transcripts must be ordered online through the MyUCF portal. registrar.ucf.edu/transcript-request/.
